Region 3 Pavement Race Teams

Subject: Cancellation of the 2010 I.K.F. Region 3 Pavement Series

Dear Mr. Hilger,

For the last three months I have been working with Randy Perkins and I.K.F. on completing the contract for the 2010 I.K.F. Speedway Pavement Grand National at Jamaica Speedway. The first contract that was presented to Randy Perkins had different terms than previous year's contract. Randy drafted a letter requesting changes to the contract. In January, the Board of Directors modified the contract slightly and presented it to Randy again. On Friday February 28th I was informed by Randy that given the terms of the contract he would not sign the contract or host the 2010 I.K.F. Pavement Speedway Grand Nationals.

I respect the business decision of the I.K.F. Board of Directors and fully agree with the business decision that Randy Perkins as the promoter of Jamaica Speedway has made. The I.K.F members have lost an opportunity to race at a great facility.

Without a Pavement Grand Nationals it was going to be hard to pull race teams and sponsors to participate in the Region 3 Speedway Pavement Series. Given this fact and as a result of the above business decisions, I have decided to cancel the I.K.F. Region 3 Pavement Series Races for 2010, effective noon February 2nd 2010.

I will continue to run and promote the I.K.F Region 3 Speedway Dirt Series, support the I.K.F. Speedway Dirt Grand Nationals and perform my Regional Coordinator duties.

Sincerely,

Andy Bear
Region 3 Coordinator
